

Feel good and stay safe

Safety measures

For the duration of your stay with us, we must ask you to comply with the rules for safe conduct issued by the Federal Office of Public Health:

Keep a 2-metre distance from other guests – be sure to adhere to the social distance rule, as we do.

In order to ensure your safety in our restaurants, we have reduced the number of tables to create more space and distance.

Please reserve a table ahead of time.

Due to the limited capacities in our restaurants, we must ask you to stick to your reservation times.

Please use the lift on your own or in the company of persons close to you only.

Ask for protective equipment at the reception.

Hand sanitizer is available in all public areas and in your room.
Please serve yourself.

In case you feel unwell, please contact the reception.
