# 7132 THERMAL CINEMA

For the 25th anniversary of the 7132 Thermal baths, we will transform the outdoor area and pool into a spectacular open-air cinema. Between June 15th and July 20th, bathing by night starts on Wednesday and Sunday at 8:30 p.m. with a movie beneath the stars. While Sunday evening is all about English-language films shown exclusively to our hotel guests, on Wednesday evenings, residents of Vals are also very welcome to watch Swiss movies and documentaries related to the thermal baths and the region.
